Brought to the entire world by Brian W. Kelly & Lets Go Publish!

There is only one Donald J. Trump but many of us would like to be able to clone him. Given a choice, we would ask God to clone countless Trumps forever to help America now & the future.

I began to write Trump books in the Summer of 2016 and I had a few books ready when the Bikers for Trump Campaign Rally was held in Dalton, PA. I can still taste the great draft beer. I went through all my Trump books today and I can't believe that over the five Trump years after the Escalator, I wrote more than thirty "Trump books," hoping to get Americans to support Trump and then offering other thoughts about how to Make and Keep America Great Again. This book is a catalog of all those books. I hope you like it. I use book covers and book descriptions from each book to highlight each book. Thank you

"Millions of Americans," declared Dallas megachurch pastor Robert Jeffries in 2017, "believe the election of President Trump represented God giving us another chance—perhaps our last chance—to truly make America great again. Our job was to elect him once God showed us the way. We thank Our Lord to this day that we did.

Donald Trump got elected because someone whispered in the individual ears of millions of Americans. The voice said that together in this election, we could make a difference, and Donald Trump would be that difference. The people trusted this self-made Billionaire to do what was best for America and not the bidding of slimy politicians or political donors and hacks. Donald Trump was the only candidate for president who offered Americans a breath of fresh air from the stodgy, bossy, establishment elites in both the Democratic and Republican Parties. Trump defied the status quo of rich donors controlling the government for their personal benefit. Donald Trump to many, including myself is a great gift from God himself.

Donald J. Trump loves America and American traditional values. Just look at the goodness that he instilled into his own children. He is not a liberal fool or a progressive socialist tool who hates America. He is simply for America and Americans First. So are you and I if we think about it for a while.

The corrupt anti-American mainstream press still does not like Trump because he represents normal God-loving and God-fearing Americans and not the fringe sectors of the country. They hate him. He calls them out as the fakes they are. They hate him because he is not controlled by anyone – Dem Party or wimpy swamp-dwelling Republicans. Neither gave Trump an inch and they undermine America by undermining our president. Donald Trump does pay attention to God and Americans are glad that he does.

If Mr. Trump happened to be crossing the street and he stepped off a curb and crushed a newly fallen fully formed beautiful blue robin egg, the press would hang him for being anti-bird, anti-animal, and uncaring. Meanwhile when he ran for president, his opponent had gotten four Americans with mothers and fathers back home killed in Benghazi and the press would not even acknowledge the story. Something was wrong, and you know what it was. We needed Donald Trump and Mike Pence to bring America back to reality and truth. That's "Why Trump Got Elected!" That's why God intervened in this great 2016 election.

Chapter 1 Trump Books Introduction

There are many of us who, after crying out for relief for our country for eight years, believe in our hearts that God's answer to America has been and is Donald J. Trump. One person does not believe this is so. His name is Joe Biden and he has good reason for feeling differently. He and Kamala Harris are preparing to spoil all the gains America made since Biden left office as VP four years ago. Many are praying that we don't ever see the Jaws-like advertisements after the November 3 election. You remember, the one that said:

“It's Baaaack!

Since 2016, I have been writing books about the presidential candidate and then the President Donald J. Trump. Why? Because I believe in him. As you will see in this book, I have written many books during these five years. I wrote books to help the American people know what fine man we would have as president if elected. I wrote books about the precepts in which the president believes that will help guide his actions for in the future to help Make America Great.

I also wrote a number of books about policies that the President may implement that would help America be a better country and/or help us overcome some difficulty. For example, I wrote about student loans, the Coronavirus, Social Security Cola, etc. Besides these, I wrote several books about significant speeches given by the president that the public ought to know about. I also wrote books about the speeches delivered at the Republican National Convention.

You may know that I use Amazon to print and distribute my 250+ books. Unfortunately, some of the books I have written about the President and coronavirus (Hydroxychloroquine, etc.) and shutdown solutions and the president's accomplishments, and the president's speeches have been censored by Amazon. I suspect that Amazon does not like the President and they use their ideological bias to detract from the president in any way they can. As a big bully in the publishing industry, Amazon has openly censored nine books of mine in those categories.

And, so, in addition to books with the President's Name in the title there are others such as Taming Amazon: The Biggest Bully in Town and Hydroxychloroquine: The Game changer, which are the product of Amazon censoring. Some have been blocked for printing and others have taken a long time to produce because of Amazon's censoring red tape. Hopefully by including the censored books in this catalog, this book will encourage the Congress to include Amazon in their fight against Big Tech Companies that do not play fairly.

Many people have learned to love President Trump as God's gift. There are only a few weeks before this election. It is up to US again to make sure we make the most of God's great gift. Unless you want Joe Biden back, if Amazon does not censor this book, you may see this plea to vote for Donald J. Trump for Term # 2.

I have written a few other Trump books very recently. One of the books tells us all what we win if Trump wins. Two others tell us what we lose if Biden wins and Trump loses. We depend on God to make the latter scenario an impossibility.

How bad will Joe Biden be? We do tell you in these two books but one thing is for sure, nobody knows just how bad a Biden administration will be, and the facts show that Joe Biden himself knows just as little about how bad it will be than the rest of us. But, it will be bad.

If Biden ran and was elected president right after the Obama / Biden regime gave up the power gavel, it might not be so bad because we would already have the first four bad years under our belt. But, the people elected Trump in between and if somehow the Democrats are able to steal this election, things will be worse. Why? Because even if you don't know it, Trump brought over 1000 wins to America and Americans are enjoying them going into this election. If Biden wins, they are all gone and you will miss them as Kamala smiles and says: Hey, we told you what we would do?"

I knew that I was voting for Donald Trump as soon as he broke through the pack of Republicans and began his showdowns with his real opponent, Hillary Clinton. Shortly afterwards I began to write Trump books to help the best president we have ever had become the President of the United States.

Joe Biden is the new Hillary Clinton Like many Democrats, I had had enough of Obama and the Clintons, and Vice President Biden. Most Americans feel the same.

At the end of the day, when the dust had settled, and the battle was over, the last man standing won. Donald Trump won the election despite all odds. In many ways he got elected because he was the last man standing between an Obama-like American hell-hole and a return to the Promised Land of our founders. Joe Biden knows the secret of bringing back that Obama-like American hell hole and

he promises to bring it back to an unsuspecting public if we let him.

What would America be like with Joe Biden in charge?
Don't make me think about it!

Many are unaware that Joe Biden has been in two other presidential campaigns in which he won the vice presidency thanks to his promised loyalty to Barack Obama. During their first campaign for the White House, the Obama-Biden ticket "firmly" promised that "no family making less than \$250,000 a year would see any form of a tax increase."

Within a year America noticed that the Affordable Care Act included a tax increase, aka a tax penalty for failing to purchase health insurance, paid primarily by people earning less than \$50,000 annually. Though that levy is gone thanks to Trump, the ACA still includes a poorly implemented tax on medium-size and large employers that don't offer health insurance to most of their workers.

This penalty, when enforced by Joe Biden will cost low-income families an average of about \$700 a year. This includes those whose employers aren't penalized. The penalty's effect on job availability would make its cost felt by a wide swath of workers. No taxes turned out to be the first broadcast of Fake News. Joe Biden promises more.

Obamacare included many other significant taxes that Obama had Biden hid so well and the corrupt press covered up to make them invisible. Even the Congressional Budget Office overlooked their effects when it originally scored the bill 2010. Later CBO had to backtrack. Backtrack is

another way of saying the Democrats were forced to tell the truth because the people demanded it.

Today Mr. Biden takes a similarly veiled approach to advancing the “clean energy revolution and environmental justice” outlined in his platform. Instead of using a carbon tax, which would use market forces to reduce the economic damage but also obviously violate his tax pledge, he would apply the force of regulation. He aims, for example, to eliminate emissions for passenger vehicles, which would make buying a new car thousands of dollars more expensive. As President Trump is apt to explain, regulations are “stealth taxation, especially on the poor.” Biden will get any extra dime that you may have. He’ll either keep it or give it to his five family members.

And the poor would suffer most under Joe Biden’s platform. His plan is to divide U.S. households into five income groups. The regulatory costs of each quintile are estimated as a percentage of each quintile’s average income. The costs to the bottom group amount to 15.3% of its total income—representing a burden equal to all the taxes they currently pay. This group would experience part of the cost as lower wages, but the biggest bite would come in diminished purchasing power due to higher prices for energy, cars and other consumer goods. In other words, your purchasing power will go down and the number of dollars you keep will be minimal. Ask Joe Biden about that?

If that weren’t enough to convince you that Biden’s tax plan would be disastrous for American workers, five independent analyses have concluded that Biden would raise taxes on middle-class Americans:

- The Tax Policy Center concluded his “proposals would increase taxes on average on all income groups”
- The Tax Foundation concluded that Biden would lead to higher taxes “across all income groups”
- The American Enterprise Institute concluded that households at every income level” would see higher taxes
- A Penn Wharton budget model analysis say that taxes would go up across all income levels
- The Committee for A Responsible Federal Budget blasted the plan as a way for taxes to go up across all income levels

Donald Trump saved the US from Hillary and he is the only candidate we have who wants to protect the people from Joe Biden.

Trump defied the status quo of rich donors controlling the government for their personal benefit. Donald Trump to many, including myself is one of the greatest gifts of all-time from God himself.

Joe Biden is poised to take that gift back from Americans.

Hillary would have been more like Obama and Biden -- socialistic and Marxist and she came off even more radical than Obama. For example, Hillary never seemed to be too keen on freedom. She likes her freedom for sure but not yours. She was working on eliminating the Bill of Rights and had already earmarked the # 1 and #2 Amendments of the Constitution for removal.

Yes, we are at the point in our history in which a presidential candidate's position of not being actively opposed to the Bill of Rights is a key selling point for their candidacy.

I sure hope you enjoy this book and I hope that it inspires you to continue to take action. Our Congress can certainly be more pro-American and more responsive to the people's needs and not their own. I hope the book in some ways helps you look at things differently.

Some of the reasons Trump is our president are listed below:

- 1) The people wanted a president who would take the people's side of issues.
- 2) The people did not want four to eight more years of what they saw as the progressive politics of Barack Obama as reflected by Hillary Clinton's swing further to the left.
- 3) The people wanted border protection
- 4) The people wanted radical Islamic terrorism to be called out by name and wanted a president to protect America
- 5) The people saw the prior president putting his fingers on the scales of justice when racial incidents were involved.
- 6) The IRS had begun to discriminating against TEA Party and other conservative groups.
- 7) Conservatives were not pleased with the actions of liberal judges and justices appointed to the federal judiciary, particularly the Supreme Court. They saw Trump as a way to getting justices that reflected the will of the people.
- 8) There was concerned about our weakening military power reflected by the people's anxiety about the

declining percentage of funding dedicated to the military.

- 9) The people suffered distress over left-leaning political indoctrination, and suppression of free speech, running rampant on college campuses and in public schools.
 - A. There was much annoyance and in fact resentment toward Barack Obama who described conservatives in the heartland as “clinging to their guns and Bibles.”
 - B. There was a revolt about Hillary Clinton’s use of the term “deplorables” to describe people who were not liberal.
 - C. The people did not trust Hillary Clinton to do the will of the people. She was perceived her as a phony, who had lied about issues such as her explanations of the Benghazi incident or her much-disputed emails.
 - D. Many people were alarmed at the national debt, believing that Clinton would be a big spender on liberal causes and would make the situation worse.
 - E. The people actually expected Clinton to win. Hey voted in great numbers hoping to minimize her victory margin and at least be able to claim a political mandate.
 - F. The people did not like Obamacare and saw Democratic pushed universal health care as a budget buster.
 - G. Overall the people saw the federal government exerting too much power over their lives. The federal government was growing too fast with an ever-increasing size, scope and power.
 - H. Donald Trump was viewed as a highly successful businessman. It was believed that he would run the administration in a business-like manner.

Think of this. The list of 1 through H above is only part of Biden’s whole destructive platform for America.

Our new president has settled in and he is already implementing a host of innovative items on his agenda. He has shed a dreaded disease at the same time. I hope you digest Biden's entire plan, be willing to reject, and subtract it from your own positive notions for building a better America. And, please do not trust the press to do your thinking for you. And whatever you do, do not trust Joe Biden to create a workable America.

Together, we can help make the US a far better country. We should smile as we accomplished our first and best objective. We elected Donald Trump as our president once. Now, we must support his hard work, elect him for a second term, and give him a Congress without Nancy Pelosi and Chuck Schumer so he can help America even more. Only the voters can get those two out of Trump's way by electing representatives from the Republican Party who will work with the President in keeping America Great Again.

Book Description

Everybody knows that your business will be severely punished if you decide to mess with Amazon, even if you are 100% right. Lets Go Publish (LGP) was blocked perhaps because of the same reason this next guy was blocked: LGP used a "widely available facts" which are a lot of facts about the topic the author was writing about. The creativity LGP adds comes from the presentation not the facts. Here is an analogy I got on the Internet:

"IF YOU WRITE ABOUT THE MONA LISA YOU WILL ALSO NEED WIDELY AVAILABLE PICTURES BECAUSE THOSE ARE THE ONLY ONES AVAILABLE AT ALL!!! THE LOUVRE WILL NOT ALLOW YOU TO TAKE YOUR OWN PICTURES, SO NO BOOKS ABOUT THE MONA LISA???"

Try dealing with an Amazon reviewer who must have a quota for rejected (blocked) manuscripts. They are very matter of fact and they will not tell you specifically what is wrong with your submission. Then, you make an argument and if they respond at all, they do not address the points you make. Instead they tell you that the book will be "blocked" in five days after their evaluation. By the way, blocked is an Amazon term for censored.

Some authors such as Brian W. Kelly publish their books only on Amazon. After nine books being blocked this year alone because he dared write about the COVID-19, Kelly is asking: "is it possible for me to publish my books without using Amazon at all? Well, maybe! He is exploring Ingram and others.

Writing nine books that may take a month apiece, and have Amazon censor them block them because (A) they were about COVID, or (B) because they contained facts that were also on the Internet is unfair and a restraint of trade. And so, LGP filed a complaint with the Federal Trade Commission.

Why does Amazon block LGP books? I am thinking maybe because they are written about conservative topics. Kelly is being censored for ideological reasons, But, Amazon won't give the real reason. They have no phone number. There is nobody to talk to. I have only the option of sending emails that often they ignore and then poof, I have a blocked censored and have to start another. They can say whatever they want and there's no accountability. But, it hurts my business taking the time to argue with them when all I am looking for is a company to print and sell my books. I do my own copyediting. WLGP is my publisher not Amazon. Amazon has been given no rights to get into my content? See the rest of this book to see how I challenged them with my FTC complaint.

Lose 1000s of Trump wins as starters. Book not yet published censored by Amazon

Book Description

Astute Americans know that Joe Biden does not know what he would do if elected President. Some say that's why he brought Kamala into his inner circle. She will be calling the shots. One thing we know is that the Biden family will be richer with world shaping positions, and perhaps Joe will even be able to claim his 50% share of the family's income from unknown sources.

Perhaps we will see a cabinet that is made up of Chinese Nationals as Biden appears to have an uncommonly deep love of China and its hordes of cash. It is a mutually good feeling as Biden has literally paved the way for the Chinese Communist Party's entrance to the world stage. Biden took China's word for it because they treated him swell while they robbed America of millions of jobs, stole our factories, cheated on trade rules, and violated international rules.

A well-understood long-time Biden quote repeated often is "The U.S. welcomes the emergence of a prosperous, integrated China." Before he was VP, Biden told the Chinese in 2001. Now with COVID and the few honest news sources we have in this country, Americans' distrust of China is at its all-time high. Joe Biden is sure Americans are stupid and he is trying to rewrite history, hope voters forget the decades he spent rubber-stamping China's economic rise.

Ironically, Biden criticizes Trump for a slow response on China travel, yet he attacked President Trump's restrictions on travel from China as irrational and hysterical xenophobia. Experts now admit President Trump's action saved American lives. Biden is not accustomed to making mistakes.

The green new deal, socialism, higher taxes, etc. are not the only issues with which Americans will have to deal. Concern is rampant as to how Biden responds to the countries that have made his family rich when they ask for the inevitable favor. Will he give up America for additional family favors?

In his new book, *Profiles in Corruption: Abuse of Power by Americas Progressive Elite*, Peter Schweizer writes that political figures have long used their families to route power and benefits for their own self-enrichment. He expounds that one particular politician Joe Biden emerges as the king of the sweetheart deal, with no less than five family members benefiting from his largesse, favorable access and powerful position for commercial gain. In Biden's case, these deals include foreign partners and, in some cases, even US taxpayer dollars. The Biden family's apparent self-enrichment involves five family members: Joe's son Hunter, son-in-law Howard, brothers James and Frank, and sister Valerie.

You're going to love this book. You won't want to put it down. But, despite your enjoyment with it, it will scare the hell out of you about what is happening to your country.

Book Description

Astute Americans know that Joe Biden does not know what he would do if elected President. Some say that's why he brought Kamala into his inner circle. She will be calling the shots. One thing we know is that the Biden family will be richer with world shaping positions, and perhaps Joe will even be able to claim his 50% share of the family's income from unknown sources.

Perhaps we will see a cabinet that is made up of Chinese Nationals as Biden appears to have an uncommonly deep love of China and its hordes of cash. It is a mutually good feeling as Biden has literally paved the way for the Chinese Communist Party's entrance to the world stage. Biden took China's word for it because they treated him swell while they robbed America of millions of jobs, stole our factories, cheated on trade rules, and violated international rules.

A well-understood long-time Biden quote repeated often is "The U.S. welcomes the emergence of a prosperous, integrated China." Before he was VP, Biden told the Chinese in 2001. Now with COVID and the few honest news sources we have in this country, Americans' distrust of China is at its all-time high. Joe Biden is sure Americans are stupid and he is trying to rewrite history, hope voters forget the decades he spent rubber-stamping China's economic rise.

Ironically, Biden criticizes Trump for a slow response on China travel, yet he attacked President Trump's restrictions on travel from China as irrational and "hysterical xenophobia." Experts now admit President Trump's action saved American lives. Biden is not accustomed to making mistakes.

The green new deal, socialism, higher taxes, etc. are not the only issues with which Americans will have to deal. Concern is rampant as to how Biden respond to the countries that have made his family rich when they ask for the inevitable favor. Will he give up America for additional family favors?

In his new book, "*Profiles in Corruption: Abuse of Power by America's Progressive Elite*," Peter Schweizer writes that "Political figures have long used their families to route power and benefits for their own self-enrichment." He expounds that "one particular politician — Joe Biden — emerges as the king of the sweetheart deal, with no less than five family members benefiting from his largesse, favorable access and powerful position for commercial gain. In Biden's case, these deals include foreign partners and, in some cases, even US taxpayer dollars. The Biden family's apparent self-enrichment involves five family members: Joe's son Hunter, son-in-law Howard, brothers James and Frank, and sister Valerie."

You're going to love this book. You won't want to put it down. But, despite your enjoyment with it, it will scare the hell out of you about what is happening to your country.

Don't you? The President was given to the people by God as the answer to our prayers.

Book Description

“Millions of Americans.” declared Dallas megachurch pastor Robert Jeffries in 2017, “believe the election of President Trump represented God giving us another chance—perhaps our last chance—to truly make America great again. Our job was to elect him once God showed us the way. We thank Our Lord to this day that we did. We love Trump!

Donald Trump got elected because a higher power whispered in the individual ears of millions of Americans. The voice said that together in this election, we could all make a difference, and Donald Trump would become that difference.

The people trusted this self-made Billionaire to do what was best for America and not the bidding of slimy politicians or political donors and hacks. Donald Trump was the only candidate for president who offered Americans a breath of fresh air from the stodgy, bossy, establishment elites in both the Democratic and Republican Parties. In 2020, we need Trump again to defeat the Socialist Democrats and their hate. Our weapon again is Trump. Trump love will win the day.

Trump once defied the status quo of rich donors controlling the government for their personal benefit. Donald Trump to many, including myself is a great gift from God himself.

Donald J. Trump loves America and American traditional values. Just look at the goodness that he instilled into his own children. The corrupt anti-American mainstream press still does not like Trump because he represents normal God-loving and God-fearing Americans and not the fringe sectors of the country. They hate him. He calls them out as the fakes they are. They hate him because he is not controlled by anyone – Dem Party or wimpy swamp-dwelling Republicans. Neither gave Trump an inch and they undermine America by undermining our president. Donald Trump does pay attention to God and Americans are glad that he does. God is guiding our president to a second victory to help him lead America from 2021 through 2024.

We know that the President already turned the economy around once and he is in the process of doing it again—this time while afflicted by the Coronavirus. Trump will overcome all of the country's issues included COVID-19, oppressive taxation; legal and illegal immigrants stealing the best jobs; regulations choking businesses; huge debt and deficits shackling our capital resources; a government Obamacare system that added taxes and made health worse; and corporate offshoring, which created a weaker nation. Joe Biden is ready to continue this because he supported Barack H. Obama's policies which had created the whole mess in the first place.

Additionally, Trump freed our energy supply making us the world's largest energy producer. When Obama was in charge he redistributed wealth from producers to non-producers. He permit a huge, growing, inefficient government to operate. It continually lied, taxed too much and spent more than it had. Our government had become enemy # 1 of the people Mr. Biden wants to bring back those bad times calling them the good old days. A good plan, endorsed by Mr. Trump, along with good leaders such as Donald Trump & Mike Pence is now in place and the plan and the leaders are already saving US from Obama perdition. That's “Why God Gave US Trump!” Now it is up to us to thank god by giving Trump his second term. Amen!

We Love Trump!

Book Description

Everybody knows that your business will be severely punished if you decide to mess with Amazon, even if you are 100% right. I was blocked perhaps because of the same reason this next guy was blocked: I THINK what I "did wrong" was to use what they consider "widely available facts" which are a lot of facts about the topic I was writing about. The creativity I add comes from the presentation not the facts. Here is an analogy I got on the Internet:

"IF YOU WRITE ABOUT THE MONA LISA YOU WILL ALSO NEED WIDELY AVAILABLE PICTURES BECAUSE THOSE ARE THE ONLY ONES AVAILABLE AT ALL!!! THE LOUVRE WILL NOT ALLOW YOU TO TAKE YOUR OWN PICTURES. SO NO BOOKS ABOUT THE MONA LISA???"

Try dealing with an Amazon reviewer who must have a quota for rejected (blocked) manuscripts. They are very matter of fact and they will not tell you specifically what is wrong with your submission. Then, you make an argument and if they respond at all, they do not address the points you make. Instead they tell you that the book will be blocked in five days after their evaluation.

Some authors like me publish their books only on Amazon. After eight books being blocked this year alone because I dared write about the COVID-19, I'm asking: is it possible for me to publish my books without using Amazon at all? Well, maybe! I am exploring Ingram and others. I once printed and sold my own books and also shipped them but it was a lot of work. I like writing better.

Writing eight books that may take a month apiece, and have Amazon block them because (A) they were about COVID, or (B) because they contained facts that were also on the Internet but they would not give page or chapter references.

Why do they block my books? I am thinking maybe because I write about conservative topics. Am I ideologically censored? They do not really tell me. They have no phone number. I have only the option of sending emails that often they ignore and then poof, I have a blocked book. They can say whatever they want and there's no accountability. But, it hurts my business taking the time to argue with them when all I was looking for was a company to print and sell my books. I do my own copyediting. What gives them the right to get into my content? See the rest of this book to see how I challenged them on this. Should I go to court or report them to the FTC? Hmmm!

Trump approach solves two huge American problems, assuring his reelection.**

Everybody knows the Donald Trump agenda from when he ran in 2016 and from his great work trying to get it past a stubborn set of Republican Never Trumpers in 2017 and 2018.

There are two other items that when made part of his platform will assure Donald J. Trump a landslide victory over Joe Biden in 2020. These items are so powerful, and so unique and so needed for America that they will take him way over the top for the presidency in the 2020 election.

By announcing these groundbreaking items within two weeks of the election, the president will suck all the air out of the election room for his victory and Joe Biden will have no place to go but home in Delaware.

Here I am with the only idea in the world that actually solves the problem with the two biggest unspoken problems in the United States of America. The problems can be solved and this new approach addresses the two largest voting blocks in America—Millennials and Senior Citizens. Capturing these major constituencies will assure Trump an election night victory no matter what happens with the post-office ballots.

This is the biggest secret in American election history. You won't want to put this book down as you learn the ins & outs of how there really is a no-lose solution. When President Donald Trump loves an approach, he wins it at the ballot box. Trump loves to win.

Book Description

For those sick of the hate. James D. Veltmeyer, MD from LaJolla nailed it: “The savagery, frenzy, and outright hysteria displayed by the President’s enemies within the Democratic Party, the media, and various power centers of the globalist elites, have no prior precedent.”

The 2020 RNC Convention was a conservative lovefest. There was more love for Trump shown at the Republican Convention than when an Apprentice was thanking Donald Trump for his new job.

Four years ago, Donald Trump got elected because the majority of the voters had begun to no longer trust Democrats or Republicans. The regular people in America decided that they could trust Trump and in fact, they continue to trust him to do what is best for America. Trump has not let the people down. The left cannot stand that fact.

Americans had gotten sick of the elected officials in all levels of government doing the bidding of slimy politicians or political donors and hacks in the various government swamps. Donald Trump came across as the only candidate for president who offered Americans a breath of fresh air from the stodgy, bossy, establishment elites in both major parties. That’s why we voted for Trump. That’s why we’re voting for Trump again in 2020.

In his four years Donald Trump has shown he has the mettle to continue as a great president. He is brave enough to defy the status quo of rich donors controlling the government for their personal benefit. Trump is rich enough that he alone of all candidates never has to suck up to the seedy side of life just to get elected. Moreover, he donates his entire paycheck to charity.

Everybody has an opinion but too many people have their opinion shaped by crooked politicians and crooked news media. The Crooked News Network, CNN tops the untrustworthy media scoundrel list. So many of my good friends who are otherwise smart people believe CNN like it is Christ’s gospel. I mean even good people that cannot see their own faults because CNN tells them how it is. Too many people for example get all their news from crooked CNN. Yet it is now fact that at 9:00AM daily, CNN executives get their marching orders from the president of this network news organization. More or less, they are told to avoid being fired, they must continually strengthen all aspects of the political (no facts needed) effort to disparage to the death, President Trump. That must be their focus above the people’s news—or they better read the WANT Ads. Despite that, the crooked news sources and the Democrats have not been able to beat President Trump.

Before COVID-19, Trump held rallies of from 20,000 to 50,000 people who believe that Donald J. Trump loves America and American traditional values. Look at the goodness that he instilled into his own children. He is not a liberal fool or a progressive socialist tool like Joe Biden or Kamala Harris who hate American values. He is simply for America and Americans first. So are you and I if we really think about it. Look at all the Harris/Biden endorsed Hate Riots in American cities such as Seattle, Portland, Chicago, New York, and St. Louis. Only in Democrat controlled cities. Biden and Harris have riots planned for your city if they are elected. Ask them! This book teaches you the antidote to riots and corruption through 87 speakers worth of information. Regular people like you say the truth.

The corrupt stench of Democrat politicians will soon be too strong for normal breathing assistance devices. Americans who love America could not endure the mephitic. Nefarious shameful left-leaning political leaders preach that Trump is bad, bad, bad. Good people are swayed by the miscreants who care little for the truth. Trump calls them all out as fakes.

Book Description

Face Masks lower COVID-19 Deaths. There is no doubt about it. In this book you will read about the pros and the cons of wearing face masks to help avoid the Coronavirus. We take a shot at answering "Do Face Masks Work?"

Why face masks lower COVID-19 deaths.

Masks aid in decreasing the Covid-19s virality by three pathways shown below:

1. Decreasing virus spread by infected individuals. The mask traps virus particles on the inside, preventing the virus particles becoming airborne.
2. Protect others. Decreasing new infections by uninfected individuals. The mask prevents airborne virus particles being inhaled from the outside.
3. Protect yourself. Limiting hand to face contact. The mask puts a physical barrier between the mouth and nose of the wearer and potential contaminants in the immediate environment.

Read this book to learn about what the experts already know.

2020 so far has been a nightmare that is far from ending. When it seems like it is over, the end point gets stretched out—often past the point of tolerance and past the point in which the Constitution permits. Is there an escape?

Even New Yorkers and others from big cities who thought they could find solace in their lakeside or mountain retreats to escape the big city, have had to go underground in their cabins as their new small-town neighbors, being interviewed on local radio & TV complain of them bringing the big city to their small burgs.

The problem arrived with a vengeance in all countries of the world. Now, what? It is called novel, meaning new, and because of its newness, there are no cookbook solutions.

After we describe the predicament, we wrap this book up by offering a Constitutional approach for handling the situation sooner, not later with the Constitution as the guiding light. You won't be able to put this book down before you know what you can do to help yourself and your family cope. 2020 so far has been a nightmare that is far from ending. When it seems like it is over, the end point gets stretched out—often past the point of tolerance and past the point in which the Constitution permits. Like the pandemic of 1917 & 18, the coronavirus has the world in a tizzy from which there has been no escape.

Even New Yorkers and others from big cities who thought they could find solace in their lakeside or mountain retreats to escape the contagion of the big city, have had to go underground in their cabins as their new small-town neighbors, being interviewed on local radio & TV complain of them bringing the big city virus to their small burbs.

The Wuhan or China or Coronavirus COVID-19, a derivative of SARS, arrived with a vengeance in all countries of the world. Now, what? It is called novel, meaning new, and because of its newness, there are no cookbook cures for this plague. And so, death is often a result of a long illness with this virus. Too many deaths! Now that the curve in most US states has flattened, it seems the virus is preparing to superimpose its rules over that of the US Constitution

So what to do? In this book we tell you about this virus and we talk about the measures the President of the US, Donald Trump has taken to keep America as safe as possible to make sure hospitals are not overrun with patients we tough on some promising therapeutics such as Remdesivir that in some cases can cure the virus and in other cases, can serve as a prophylaxis to prevent people from contracting the potentially deadly plague.

Pull the light switch ASAP. This plan gets rid of facemasks, scrubbing hands, & social distancing at bars & opens up a fun America with proper caution. It's time!

After the 2020 coronavirus nightmare that seemed to never end, the last thing Americans need now is 50 Governors' extending the goal line. Yet that is what our officials, mostly Democrats are doing. Perhaps Congress should give up their paychecks for the duration.

My brother Joseph has a great saying when nobody is listening to his suggestions. After a short while, he raises his hand and says, "Talk to the Hand." He goes into a disinterested mode and often gets a positive rise out of his adversary. I wish my brother were an American official right now. He was once a top manager in the VA and he understands people. Unfortunately, he learned in his time on the job that our adversaries have no shame.

I am a Democrat. As A Democrat, I know that Democrat leadership does not care about the people. They would have by unanimous consent reauthorized the \$2.5 billion requested by the SBA if they cared. My family members benefited from that but the program's funding ran out because it was helping small businesses as expected. Democrats refused to increase the SBA funding. I rest my case.

Democrats, one by one in leadership positions such as governors, do not want America reopened or the economy restarted. Why? They think it would help Trump get reelected. That's why the Congress has run out of Washington and are hiding. They no longer represent the people and the Dems are actually for the socialists and not the normal Americans.

So what to do? In this book we tell you about how to ignore the negative pleadings of the Democrat leaders and instead work to release the yoke upon America and its economy. Let's open up and let's make it good. Read this book to know how to get it done.

The only real solution to the \$1.63 Trillion debt accumulation

The President in his own terms simplified the explanation for the student debt crisis from both a student and parent perspective: "They go, and they work, and they take loans, and they're borrowed up, and they can't breathe, and they get through college and the worst thing is, they go through that whole process and they don't have any job." Trump has it right, and worse than that, when the US system hurts them, our best and brightest lose hope. Now that he is president and has grown accustomed to the job, he can change this scenario for young adults.

Many have excoriated the Obama Administration and government and coffee-breath professors who teach nothing, for making it worse for college graduates. They all make money on the student loan program. Trump says: "You know the one program that the U.S. makes a whole lot of money with is student loans, and that's maybe the one program they shouldn't be making money with... "So, we're going to have to start a program," he said. "We're going to do something very big with loans because you have to get these people going. They really feel down and out." This book is the way!

Donald J. Trump is right. Yet he is the only president who has even talked about solving America's problem with rip-off loan sharks and a government that makes big money off the backs of student borrowers. Ironically, the man willing to help is hated by the very young Americans that he speaks about helping. By helping young Americans, the president will be the first to admit his action will grow the US Economy big time. 1.

College graduates and those former students not fortunate enough to complete their degrees need all the help they can get to claw their way out of huge college debt. Your author as a professor and as a father, he understands student debt. He feels the pain of America's indebted young adults. Kelly has intellectually analyzed the plight and the torment felt by today's millennials. Besides recommending a great solution and a do-again, this book also examines other ways to solve the problem including refinancing, extending, and providing better payment plans as well as getting universities to put some skin in the game.

This book addresses the massive \$1.63 (2019) Trillion student debt already on the books and it presents a boldly unique plan to assure that students with loans have a chance of success with a job in their field of study. Isn't it about time? This book tells you how it can be done. You won't be able to put this book down before you know what you can do to help those with student debt be able to afford homes and start families and live the life of real Americans and not indentured servants. Any other president would make this a political football. President Trump will solve it!

218 Trump Hate

They hate Trump Supporters; Trump; & God—in that order

Lets Go Publish! An American Publisher

<https://www.amazon.com/dp/1951562038>

We're sick of the hate. James D. Veltmeyer, MD from LaJolla nailed it: "The savagery, frenzy, and outright hysteria displayed by the President's enemies within the Democratic Party, the media, and various power centers of the globalist elites, have no prior precedent."

Donald Trump got elected because the majority of the voters had begun to no longer trust Democrats or Republicans. The regular people in America decided that they could trust Trump and in fact, they continue to trust him to do what is best for America. Trump has not let the people down. The left cannot stand that fact.

Americans had gotten sick of the elected officials in all levels of government doing the bidding of slimy politicians or political donors and hacks in the various government swamps. Donald Trump came across as the only candidate for president who offered Americans a breath of fresh air from the stodgy, bossy, establishment elites in both major parties. That's why I voted for Trump. He was brave enough to defy the status quo of rich donors controlling the government for their personal benefit. Trump is rich enough thanks to his father's and his own cunning business sense that he alone of all candidates did not have to suck up to the seedy side of life just to get elected.

Everybody has an opinion but too many people have their opinion shaped by crooked politicians and crooked news media. The Crooked News Network, CNN tops the untrustworthy media scoundrel list. So many of my good friends who are otherwise smart people believe CNN like it is Christ's gospel. I mean even good people that cannot see their own faults because CNN tells them how it is. Too many people for example get all their news from crooked CNN. Yet it is now fact that at 9:00AM daily, CNN executives get their marching orders from the president of this network news organization. More or less, they are told to avoid being fired, they must continually strengthen all aspects of the political (no facts needed) effort to disparage to the death, President Trump. That must be their focus above the people's news—or they better read the WANT Ads. .

Trump holds rallies of from 20,000 to 50,000 people who believe that Donald J. Trump loves America and American traditional values. Look at the goodness that he instilled into his own children. He is not a liberal fool or a progressive socialist tool who hates America. He is simply for America and Americans first. So are you and I if we really think about it.

The corrupt anti-American mainstream press has recently merged with the corrupt Democrat Party. Together they regurgitate the most obnoxious collection of hate known since the Civil War. So, now together, they hate Trump because he represents normal Americans and not the fringe actors who have together decided to unseat him as president and crown Hillary for the job. This pond scum has no rallies like Trump because there would be few attendees.

Moreover, the stench of their corruption would be too strong for normal breathing assistance devices. Americans who love America could not endure the mephitic. Nefarious shameful left-leaning political leaders preach that Trump is bad, bad, bad. Good people are swayed by the miscreants who care little for the truth. Trump calls them all out as the fakes they are. They hate him because he is not controlled by anyone—Dem Party or wimpy swamp-rat-dwelling Republicans. Neither give Trump an inch and they undermine America by undermining our president. When America is gone, then what? See page 3 next:

184 Why Democrats Hate God?

There is little doubt that God is not a Democrat favorite.

Lets Go Publish! An American Publisher

<https://www.amazon.com/dp/1947402676>

There is little doubt that God is not a Democrat favorite.

There are many reasons why Democrats hate God including the obvious that some Democrats are atheists. Another big reason in the last two years according to a number of popular preachers has something to do with God selecting Donald Trump to Save America and Americans. By now, those of us who like what Trump is doing for America know that Mr. Trump was sent from God as the people's answer to deep anti-establishment anger and discontent and also as a beacon for goodness. Since Democrats hate Trump, having God as the reason for Trump is reason enough for Democrats to hate God.

"Millions of Americans." declared Dallas megachurch pastor Robert Jeffries in 2017, "believe the election of President Trump represented God giving us another chance—perhaps our last chance—to truly make America great again. Our job was to elect him once God showed us the way." We thank Our Lord to this day that we did. You can bet than any Democrat listening to Jeffries was seething.

Christian Leaders prophesied before the election that God had raised up Donald Trump to lead the nation through a time of crisis.

This gave Democrats another reason to hate God because as the world knows, they already hated Trump. Donald Trump got elected because someone such as God or a legion of Guardian Angels whispered in the individual ears of millions of Americans. The voice(s) said that together in the 2016 election, the people would make a difference, and then God gave Donald Trump to America to be that difference.

The people trusted this self-made Billionaire to do what was best for America and not the bidding of slimy politicians or political donors and hacks. This drove Democrats and allies in the Swamp nuts and it caused intense hate for Trump among them.

The Democrats and the establishment also began to stoke up their hate for the people who supported Trump—the ne'er-do-wells from the basket of deplorables. All were connected to God and so the hate for God became widespread among the Democrats.

For the people looking for an end to progressive rule, Donald Trump was the only candidate for president who offered Americans a breath of fresh air. The people had had enough of the stodgy, bossy, establishment elites in both the Democratic and Republican Parties.

Trump defied the status quo of rich donors controlling the government for their personal benefit. Donald Trump became a great gift from God himself. As the hate for Trump began to boil, the Democrat's hate for God increased in parallel.

You are going to love this book. It explains why Democrats hate God so much.

He is not a liberal fool or a progressive socialist tool who hates America. He is simply for America and Americans First. So are you and I if we think about it for a while.

He calls them out as the fakes they are. They hate him because he is not controlled by anyone – Dem Party or wimpy swamp-dwelling Republicans. Neither gave Trump an inch and they undermine America by undermining our president. Donald Trump does pay attention to God and Americans are glad that he does.

If Mr. Trump happened to be crossing the street and he stepped off a curb and crushed a newly fallen fully formed beautiful blue robin egg, the press would hang him for being anti-bird, anti-animal, and uncaring. Meanwhile when he ran for president, his opponent had gotten four Americans with mothers and fathers back home killed in Benghazi and the press would not even acknowledge the story. Something was wrong, and you know what it was. We needed Donald Trump and Mike Pence to bring America back to reality and truth. That's “Why Trump Got Elected!” That's why God intervened in this great 2016 election.

The country's issues included oppressive taxation; legal and illegal immigrants stealing the best jobs; regulations choking businesses; huge debt and deficits shackling our capital resources; a government Obamacare system that added taxes and made health worse; and corporate offshoring, which created a weaker nation. Mrs. Clinton was ready to continue this because she supported Barack H. Obama's policies which had created the whole mess in the first place.

Additionally, we have a massive energy dependency on our enemies. We redistribute wealth from producers to non-producers. We permit a huge, growing, inefficient government to operate. It continually lies, taxes too much and spends more than it has. Our government had become enemy # 1 of the people. A good plan, endorsed by Mr. Trump, along with good leaders such as Donald Trump & Mike Pence is now in place and the plan and the leaders are already saving US from Obama perdition. That's “Why God Gave US Trump!”

169 Donald Trump's New Platform for Americans

Unique platform points that will win for Trump in 2020

Lets Go Publish! An American Publisher

<https://www.amazon.com/dp/1947402528>

Everybody knows the Donald Trump agenda from when he ran in 2016 and from his great work trying to get it passed a stubborn set of Republican Never Trumpers in 2017 and 2018.

I have a few extra platform points for President Trump, most of which he did not use as part of his agenda. If he cannot adopt these extra platform items in 2018 or 2019, these items are so unique and so needed for America that they will take him way over the top for the presidency in the 2020 election.

Unless he plans to save these new weapons until 2020, and he has my permission to do so, I am asking for the President's help in getting my candidacy noticed as I run for the Junior US Senator slot from Pennsylvania. I am using this platform as a sure way of being elected as a write-in candidate if he can help me get noticed.

I know that running for office is a grueling, tiring, busy, and difficult process. There is always something to do. There is always someone who wants something from you. and did I say you are always tired. Yet, somehow, you have to walk around with a smile on your face and a nice comment ready to come from your lips even if it is a bad day. Even if your purpose for running is altruistic so you can help your city, state, or the country, and you really do not want to be a politician, just a worthy representative of the people, there are many who simply will not believe you.

So, here I am with the only idea in the world that actually solves the problem with illegal interlopers hiding in the shadows of the United States. Moreover, the platform addresses Obamacare, Millennials, and Senior Citizens. It is designed with something good for everybody. President Trump will love it and he has my permission to adopt it as his own.

The real concern many conservatives have is whether any political party is interested in a solution as they seem content to having no solution as their solution. Democrats want everybody, legal and illegal to vote and Republicans want the cheapest labor possible. The bulk of American, when polled want neither. They want a country that is all-American with other Trump-loving Americans in the driver's seat; and they want their guests to be invited to the table.

You won't want to put this book down as you learn the ins & outs of how there really a solution and President Donald Trump will love it. That's more than enough for me. How about you?

117. Repealing & Replacing Obamacare Should Be Simple

The Congress is in its own way!

Lets Go Publish! An American Publisher

<https://www.amazon.com/dp/0998811157>

President Trump's promise to America was to REPEAL Obamacare, not to reconcile it! Not to repair it! Not to replace it with RINOCare! How can he partner with the SWAMP and expect to be treated fairly?

Teaming with Representative Ryan was against the president's promise to those conservative Americans who elected him with the expressed purpose of relieving the Democrats of the imploding political failure of Obamacare. Few rational people paying attention actually believe it is a smart move for the President to choose to renege on a major promise to his core constituency?

Republican primary voters very emphatically moved against the party establishment in 2016. That is why Donald Trump got elected. Now, though he is better than Obama for sure, many feel we cannot trust Mr. Trump with the promises that prompted us to vote for him.

We ask our new President to please get out of bed with the Swamp. It is political suicide! Now that iteration 1 of Ryancare is dead for the time being, instead of trusting the Swamp again, many are asking the Freedom Caucus to work to repeal and replace Paul Ryan with a conservative House Speaker. Then we can all help the President to begin again to make America great again.

President Trump intrinsically knows how to do business logically without convoluted rules. The plan outlined right here in this book shows how to use the simplest methodology ever to repeal and replace Obamacare with a market based solution—exactly the way President Trump promised.

I predict that you will read this book from cover to cover in one sitting.

104. President D. J. Trump, Healthcare & Welfare Accountability

Electronic Accountability Records (EAR) Can Make It Happen!

Let's Go Publish! -- An American Publisher

<https://www.amazon.com/dp/0998084816>

President Bush and President Obama both agreed that a database of health records needs to be established on behalf of the people. It is a good idea. There needs to be a record of each citizen in the United States so that it will be much easier to get a full picture of a patient in any medical provider setting from doctor's offices, laboratories, imaging, and other specialties. This book defines the terms for these online records and discusses the entities that would like to own your health data. It also offers suggestions as to which entity would be the proper custodian of such vital data.

Most Americans are aware of the major battle on health insurance and healthcare "reform" as in Obamacare, which continues in the Halls of Congress even today. A Democratic Congress and the former POTUS decided by themselves to spend a trillion dollars on a government take-over of healthcare. They knew it would possibly improve the lives of just 17% of the people and they also knew that it would disrupt the lives of the other 83% by providing them with less healthcare, less medical provider choices, and more taxes. You cannot take \$500 billion from Medicare for Obamacare and make Medicare better. It is insane. Will senior citizens have to find employment again to buy back what has been stolen by government without their permission?

The big winners of course are trial lawyers and the big insurance companies. The people have been left holding the bag. In this book, we describe in reasonable detail in words that Americans can understand, how to make the healthcare system -- both ER and Medicaid more accountable so that government does not have to pay the price for all -- including illegal interlopers. There is no free lunch and this book shows the technology solutions that can help you avoid having to pick up the tab

Because government healthcare solutions are a form of welfare, this book also describes how to account for any freeloader who takes from the system. What happens today if somebody on welfare for 50 years wins a couple hundred million on the PowerBall?

I have never believed in an elected official as much as I believe in Donald J. Trump. He will make America great again and I can’t wait. Here are some words from President Trump:

We showed America the silent majority is no longer silent. Today, we created an America that WINS again. Today, we made our hopes, our dreams – our limitless potential – a reality. Today, we made history. Today, we created a government that is once again of, by and for the people.

Thank you, America. I will not let you down. I will always be your voice. I will always be your champion. Now it’s time to get to work – to unite, to prosper, to become stronger. Together, I have no doubt we have taken the first step to Make America Great Again!

A long-term immigration fix that puts Americans first

Let's Go Publish! -- An American Publisher

<https://www.amazon.com/dp/0998628204>

Donald Trump's signature issue is immigration reform because he loves America and Americans. As difficult as it is for good, hard-working Americans to believe, our government has been working to keep us poor. Ex-President Obama's de-facto amnesties and a do-nothing Congress made it tough for Americans to find work while competing against foreign interlopers. Officials lie and yet their efforts have produced a terrible truth—Americans are left behind. Meanwhile, uninvited guests, working for peanuts, have reduced wages and taken the few jobs that exist today. Then, these poor souls languish in misery and a lifetime of poverty. President Trump knows that an Annual Guest Plan will help Americans first but it is also designed to help illegal foreign nationals who will no longer be hurt by greedy corporations looking for slave-wage labor.

The Annual Guest Plan takes interlopers out of the shadows and gives them the opportunity, **if well behaved**, to stay and work in America for a lifetime, one year at a time. No amnesty, no citizenship, no freebies, no line jumping; and no jobs before Americans are the demands Americans have made. These are satisfied in the Trump Annual Guest Plan. Those who sign up for the program must be vetted every year and must pay a fee each year or be deported. There's lots more! You're going to like this plan. Any questions?

Donald Trump is the best man in America to design and shepherd the country's recovery. RRR, short for RRRRRR, is a code word for a lot of things and it gives the same positive feeling as former Presidential candidate Herman Cain's presentation of his 999 plan. When we developed the top three bullets for this recovery plan, all three terms begin with the word *reduce*. From this the RRR plan was conceived. Along the way to a full set of issues and solutions, there are an additional three sets of 3 R's that are also fleshed out in this book.

Our economy has stopped working. Our financial institutions have been forced to lessen their standards while the taxpayer has become the prop between any of government's favorite businesses and failure. The United States once represented rugged individualism in all we did and only the strong survived. America became the strongest of nations because of that "manly" philosophy. Our government today seems like it is against strength as it attempts, through socialistic, progressive, and Marxist principles to create a society of wimps, in which the American dream can be little more than a handout. Ex-President Obama's de-facto amnesties and a do-nothing Congress made it tough for Americans to find work while competing against foreign interlopers. Officials lie and yet their efforts have produced a terrible truth—Americans are left behind. Meanwhile, uninvited guests, working for peanuts, have reduced wages and taken the few jobs that exist today. Then, these poor souls languish in misery and a lifetime of poverty. President Trump knows that an Annual Guest Plan will help Americans first but it is also designed to help illegal foreign nationals who will no longer be hurt by greedy corporations looking for slave-wage labor.

The Annual Guest Plan takes interlopers out of the shadows and gives them the opportunity, **if well behaved**, to stay and work in America for a lifetime, one year at a time. No amnesty, no citizenship, no freebies, no line jumping; and no jobs before Americans are the demands Americans have made. These are satisfied in the Trump Annual Guest Plan. Those who sign up for the program must be vetted every year and must pay a fee each year or be deported. There's lots more! You're going to like this plan. Any questions?

The Trump Way!

Where Did The Jobs Go?

How Can We Get Them Back?

If you are out hunting for a job, you better be carrying a scattergun because jobs are plain and simple hard to find and hard to get in the sights. I know you won't be using a Purdey "shotgun," which is the best, even if you are job hunting. That's because, if you are unemployed and you have \$100,000 to spend on a house or a gun, I'll bet that you would take living indoors over having the best job hunting shotgun in the marketplace. Too bad it were not that easy. Donald Trump knows how to solve everybody's job problem.

Jobs are hard to come by and you can blame the government for that. In twelve essays, we discuss Jobs! Jobs! Jobs!. We'll tell you where they have gone and how to bring those rascals back. And, folks, we plan to bring those Jobs back alive. Donald Trump is our man to get the job of jobs done! He is the only presidential candidate ever who hired a person for a job! Wow!

Learn the Top Seven Obama sins in his eight years

Let's Go Publish! -- An American Publisher

<https://www.amazon.com/dp/0997766786>

Mr. Obama is failing in the eyes of Americans across the country as his poll numbers drop daily. He doesn't get it and will never get it. He doesn't think like us. Not only is he losing on the domestic front big time with socialist policies that would make Woodrow Wilson seem an arch conservative, but he does one bonehead thing after another that weakens our national defense. If he lasts four years with a hard left leaning Congress and without changing his way, the country is doomed. And, I am not a doomsayer.

There may be no "I" in team, but you would swear with the I/Me rhetoric that we see domestically and on the international stage, this is a man with the biggest ego in the world and an arrogance matched only by Mohammar Quadaffi, Mahmoud Ahmadinejad, and Hugo Chavez. You'd swear that it was all about Obama . That's how he comes across because that's how he goes at it. And, don't cross him.

Unlike President Bush, who while having his own issues, would take the bad pot shots and not raise the rhetoric, I have yet to see anybody from a political pundit, to a news network to a talk show host ever be able to fire a volley at Obama without getting a lightening fast return killer blast. He overwhelmed McCain and Palin after Palin apparently knocked him out at the Republican Convention. He hadn't died nor did he even fall. Whether he is right or wrong, the man will not take no for an answer, and for heaven sake, don't tell him he is wrong. He is a classic caricature of the man who knew it all. He can know no more as he is already filled with all knowledge. His arrogance has no bounds.

Why should Donald Trump be President of the United States

Let's Go Publish! -- An American Publisher

<https://www.amazon.com/dp/0997766743>

Donald Trump is the only candidate for president who offers Americans a breath of fresh air from the stodgy, bossy, establishment elites in both the Democratic and Republican Party. Trump is against the status quo of rich donors controlling the government for their personal benefit.

Donald J. Trump is a Nationalist with great values. Look at the goodness he instilled into his own children. He is not a liberal fool or a progressive socialist who hates America. He is simply for America and Americans First. The corrupt mainstream press controlled by the Democratic Party won't give Donald Trump an inch. If Mr. Trump happened to be crossing the street and he stepped off a curb and crushed a newly fallen fully formed beautiful blue Robin Egg, the press would hang him for being anti-bird, anti-animal, and uncaring. Meanwhile Hillary can get four Americans with mothers and fathers back home killed in Benghazi and these same life-lovers will not even cover the story. Something is wrong and you know what it is. We all need Donald Trump and Mike Pence to bring America back to reality and truth.

The country's issues include oppressive taxation; legal and illegal immigrants stealing the best jobs; regulations choking businesses; huge debt and deficits shackling our capital resources; a government Obamacare system that adds taxes and makes health worse; and corporate offshoring, which creates a weaker nation. Hillary Clinton will change none of this because she supports Barack H. Obama's policies which created the whole mess in the first place. Additionally, we have a massive energy dependency on our enemies. We redistribute wealth from producers to non-producers. We permit a huge, growing, inefficient government to operate which continually lies, taxes too much and spends more than it has. Our government has become enemy # 1 of the people. A good plan, endorsed by Mr. Trump, along with good leaders such as Donald Trump & Mike Pence can still save US from Obama perdition.

Saving America The Trump Way!

How America & Americans Can Wind Up on Top!

This book offers a number of unique solutions to save America from economic ruin. You won't believe how much America needs this book until you have gone through the problems and solutions as outlined. We all need Donald Trump and Mike Pence to bring America back.

America has more than one economic issue for sure, but it still is the best place to live on earth. Our nation is full to the brim with economic issues. When tackled one by one, they all can be solved. This book shows how to solve the problems that prevent many people in American from having a good life. Donald Trump and Mike Pence have a mission to make life better for all Americans

It seems that all Americans are hunting for jobs. Yet, when we engage the jobs' marketplace with much tolerance, and we still find no work, we intrinsically know that it is not our fault. Today, too much government is the problem. It is in our way of succeeding. It is also in the way of businesses naturally solving their own problems; becoming successful and hiring lots of people. A good plan can save US. This book explains the elements of such a plan. Tax and spend will not cut it. Donald Trump as President will go a long way towards a permanent solution

The country's issues include oppressive taxation; legal and illegal immigrants stealing the best jobs; regulations choking businesses; huge debt and deficits shackling our capital resources; a government healthcare system that adds taxes and makes health worse; and corporate offshoring which creates a weaker nation. Additionally, we have a massive energy dependency on our enemies. We redistribute wealth from producers to non-producers. We permit a huge, inefficient government to operate which continually lies, taxes too much and spends more than it has. Our government has become enemy # 1 of the people. A good plan, as shown in this book, mostly endorsed de facto by Mr. Trump, along with good leaders such as Trump & Pence can still save US from Obama perdition.
